What's your favorite ways to unwind from the stresses of the job? My favorite ways to reduce stress include meditation, prayer, and family time; my wife and I have been blessed with four awesome children, ages 24 to 10. While we certainly sometimes forget, the birthday parties, soccer games, baseball games, camping trips, school plays, graduations, etc. are probably the best stress reducers we have. And that 10-year-old still keeps her old father "young" with lots of "fun stuff."

What's the biggest challenge you face in your field of law? Convincing clients that sometimes the best result is the one reached through negotiation and compromise and not based upon the principle of the matter or through a judge's order.
